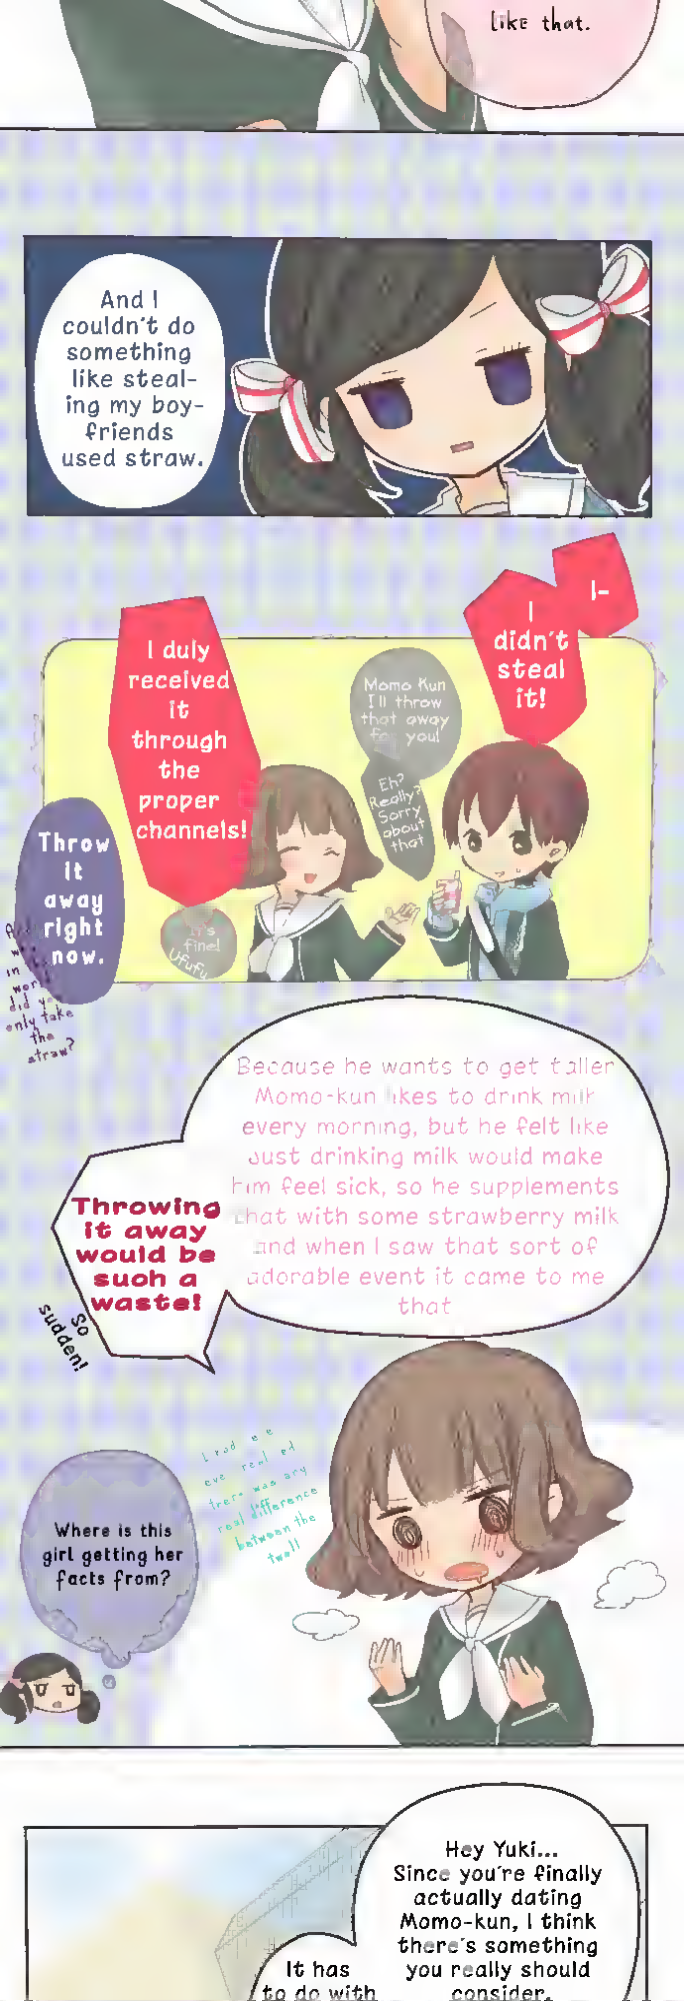
So Momo-kun ended up giving you the OK?
Yeah!
Well isn't that grand?
So,
What exactly is that there you're holding?

it's the straw Momo-kun used earlier!
AO
SMACK
What sort of pervert are you!?
Honestly, licking something like that even grosses me out.
Ah-
Hold it, calm down!
Li-
Licking it, and stuff ...
I can't do something that results in an in-indirect kiss



like that.
And I couldn't do something like stealing my boyfriends used straw.
I-
I didn't steal it!
I duly received it through the proper channels!
Momo Kun I'll throw that away for you!
Eh? Really? Sorry about that
It's fine! Ufufu
Throw it away right now.
Because he wants to get taller Momo-kun likes to drink milk every morning, but he felt like just drinking milk would make him feel sick, so he supplements that with some strawberry milk and when I saw that sort of adorable event it came to me that
Throwing it away would be such a waste!
So sudden!
Where is this girl getting her facts from?
Hey Yuki... Since you're finally actually dating Momo-kun, I think there's something you really should consider.
It has to do with

fixing that bad habit of yours.

If you don't do something about it then at some point people are going to start thinking you're a weirdo.

EP02: STRAWBERRY MILK STRAW

What in the world is going on?

There's really no good explanation for this.
First off, how am I supposed to believe that Momo-kun has a girlfriend,
and an older one at that, when even I have yet to find one.
This has to be some sort of nightmare or something.
Why was that your logical conclusion?
You're so mean

By girlfriend are you talking about the girl who was with Momo-chan this morning?
Yeah, that's her.
Ah... So we have a sighting in the wild, do we?

She was a total monster, right? She totally was, wasn't she.
I'm telling you to cut that crap out right now.
All I really looked at was here face but...
Well...

8:00
I guess
8:20
8:40
Good morning, Momo-Kun! Fancy meeting you here!
Kurihara
Morning!

If I had to say, I'd say she seemed like a dog that was really attached to its owner.
Her hair had this "soft and fluffy" look to it, too.

.....
Soft
Fluffy
I'm going to make you my girlfriend!
!

Momo.

Stop.
Don't look at me like I'm some sort of pitiful freak.
Dude, I know you're not

popular, but that doesn't mean that a dog is the next best option.
She really is a human being! A perfectly normal human being!!
Sni-
Just sniffing it is totally fine, right??
No it is totally not.
Dont
ck it
back up
